

General Information for St Anthony's Laptop Program 2010-2011

Support for REQUESTED / SUPPORTED laptops:

- Full support will only be given by the school if you have purchased one of the requested models. (requested models are on the backside of this page)

Support/Repair for NON-REQUESTED laptops:

- All laptops that are **not** one of the requested models (on the 2nd pg) will be outsourced and there will be an **\$100** charge for setup the first year and an **\$80** for the second year.
- Also, please understand if your laptop crashes and it is not one of the requested models you will have to send it in to be reconfigured and it will be another **\$80 fee**. If you have any problems during the year, it will be your responsibility to call for service if you have a non-requested laptop. Elephant Boy Computers bills at \$40 an hour. **559-435-1224**
- **Mac Setup** is also \$100 per year (you must also purchase Windows 7 Premium Full not Upgrade and have OSX 10.5 or higher installed)

You need a 512Mb or larger USB Pen Drive:

These pen drives are **mandatory** and are available at any local Office Max, Best Buy, etc. and cost about \$15.

Where can I get insurance? - *St. Anthony's is NOT responsible for lost or stolen laptops.*

If you would like further information, please contact us at 800-620-3307 or <http://studentinsurancegroup.com>. Coverage includes: accidental damage, theft, natural disasters, water damage, fire, and power surge

Warranty for your laptop:

Please be sure to get a 2 – 4 year parts and labor warranty with your laptop from the manufacture. It is **HIGHLY** recommended that you also get a 2 - 4 year accidental damage warranty which most manufactures offer when you buy your laptop.

Software:

You do not need to purchase extra any software on your computer while you are at SAS. We will provide licenses for all the software you need including Microsoft Office and Anti Virus.

Internet Filtering and General Computer Repair and Maintenance:

Elephant Boy computers can be a great resource for your home or business. They can help with any of your computer needs including filtering (OpenDNS) your home internet and/or networking.

Will be updated 5-15-10

All supported laptops need to have:
#1 - Intel Processor / CPU
#2 - Windows 7 Home Premium

Apple Computers (not supported - but can be used) (please read)

MacBook 13” – with OSX 10.5 (this laptop must be configured by Elephant Boy Computers. They charge \$100 each year and you must have a valid copy of Windows 7 Home Premium – not upgrade) (My other major concern about using an Mac laptop is that Apple does not offer an accidental warranty while Dell offers this type of protection.) (For security reasons you must run Windows 7 while on school grounds)

Laptops should have the following MINIMUM requirements:

- CPU Processor, at least Dual 2.0Ghz
- Built-in wireless
- 2 gigs of Ram
- Windows 7 Home Premium
- 80 gig hard drive

RECOMMENDED System requirements:

- 3 gigs or more Ram
- Built-in wireless
- Intel Processor / CPU
- Windows 7 Home Premium
- Nvidia or ATI video card
