- Kindergarten Application for 2017-2018 (1-17-17)
- Yearbook Order Form (1-3-17)
- Springboard Spring 2017 (1-10-17)

Electronic Waste Recycling Events at St. Anthony's for Earth Day with the Grizzlies

St. Anthony's School is partnering with the Fresno Grizzlies and ERI, the largest electronic waste recycling company in North America, to hold their annual spring e-waste recycling collection events at the school on **Sunday, March 12th and** protection, and focusing on key issues including the benefits of recycling.

The Fresno grizzlies are donating a voucher for two Field Level Reserve tickets for a Fresno Grizzlies home game, opening weekend April 6th to the 10th to the first 200 cars that drop off a TV, Computer or Monitor. The Grizzlies are a generous partner with a keen awareness of the needs of the community. Residents will have the opportunity to safely recycle their electronics at no cost while supporting the school's computer department. ERI will make a donation to the school based on the amount of electronics collected at the event. Volunteers will assist with the drop-off of electronics.

All of the e-waste collected at the event will be responsibly recycled guaranteeing data destruction and privacy for all material collected at no charge. It is incredibly important to insure that the personal information contained in the devices are completely destroyed.

"ERI is always honored to partner with St. Anthony's school. By holding these collection events, they are able to raise money for their school, help to divert electronics from landfills and most importantly teach students how they can individually and as a group be part of the "Green" movement and be good stewards of the environment," said ERI's Chairman and CEO John Shegerian. "Together, with the help of our youth, we are making the world a better place."

"St. Anthony's School is pleased to partner with ERI and the Fresno Grizzlies in an electronic recycling effort that assists our community, teaches our students the importance of recycling, and provides an opportunity for us to be good stewards of our environment," said Susannah Nelson, principal of St. Anthony's School.

We all have outdated electronics in our garages, homes and offices, and these events are the perfect opportunity to recycle them safely. TV's, computers, monitors, laptops, printers, cell phones, print cartridges and other electronic devices will be accepted (no batteries or light bulbs will be taken). There is no limit to the amount of electronics businesses and individuals can bring to the event to be recycled.

St. Anthony's School is located at 5680 N. Maroa in Fresno, California (Bullard and Maroa). For more information, please contact Linda Ramos at (559) 259-7301. For all things recycling, download the free RecycleNation mobile app, which makes finding recycling locations quick and simple.

For more information on general recycling and electronic data destruction needs, visit www.ERIdirect.com, www.Recyclenation.com, <http://greenisgoodradio.com>, www.insecurityofeverything.com or www.urbanmining.org.

ERI, the nation's leading recycler of electronic waste and the world's largest IT asset disposition (ITAD) and cybersecurity-focused hardware destruction company, is certified to de-manufacture and recycle every type of electronic waste in an environmentally friendly manner. ERI processes more than 275 million pounds of electronic waste annually at eight locations, serving every zip code in the United States. For more information about e-waste recycling and ERI, call 1-800-ERI-DIRECT or visit www.ERIdirect.com.
