December 6, 2011

Dear Families,

This weekend we will light the rose candle on our Advent wreath, the candle brighter than all the others, the one that symbolizes rejoicing. Take the prophet's words deep into your heart and pray:

*Strengthen the hands that are feeble
Make firm the knees that are weak
Say to those whose hearts are frightened; be
Strong, fear not!
Here is your God, he comes with vindication,
with divine recompense*

In other words, God comes to make up for what is lacking in our lives and He comes to save us.

Take the last promise literally. He comes to save **us** personally. In **our** personal circumstances and He is coming soon. This Christmas. This Advent. This Year. This week. This day. This moment. The question is, what do we need saving from? How are our hands feeble? How are our knees weak? What are our fears? What wrong do we need Him to set right? How are we blind? What is it that we cannot hear? In what ways are we lame?

What is it that keeps your heart and your tongue from singing? Do you sing at mass? I mean REALLY sing?! The Biblical evidence is clear and compelling: singing is a natural response to being touched by the hand of God deeply within your spirit. And when the music pours through us, as imperfect as it might be, we discover wonderful things beginning to happen in our soul and in our heart and in our life. We will look back and realize that yes, we were imprisoned and yes, indeed, He did come to ransom us!

He is coming to each and every one of us, if we let Him, in a way that is often known only to us and to Him. He **will** answer our prayers and he will shed light on us in our hour of need. He will fill us with wisdom and peace. But we've got to look in His direction....

Feast of the Immaculate Conception

Mass @ 9:15 2G

On Thursday the Church celebrates the Solemnity of the Immaculate Conception, the solemn dogma defined by Blessed Pope Pius IX in 1854. As Our Lady Immaculately Conceived is the patroness of the United States of America, this is a holy day of obligation in the United States. Through the centuries the Church has become ever more aware that Mary, "full of grace" through God, was redeemed from the moment of her conception. *"The most Blessed Virgin Mary was, from the first moment of her conception, by a singular grace and privilege of almighty God and by virtue of the merits of Jesus Christ, Saviour of the human race, preserved immune from all stain of original sin."* — *Catechism of the Catholic Church*

Springboard

Now Registering for Spring!

Springboard is a voluntary afterschool enrichment program designed to spark passion, creativity, and ingenuity in our young students' minds. Our custom programs have been created to provide a quality learning experience delivered in a hands-on, interactive, and fun environment.

Enrollment is open to students in grades 1-5 and we are excited to announce that we have expanded our offerings for Spring 2012: Spanish, Science, Creative Writing, Applied Math, and Art. All classes take place in Room 24 from 3:00 to 4:00 pm.

The cost is \$10 per class!

Spring Programming

Conversational Spanish Mondays

Have you ever learned to play the game of soccer in Spanish and then challenged your classmates to a game? Or have you ever cooked a delicious dessert using recipes written only in Spanish? These are just some of the innovative activities your children will immerse themselves in while learning a foreign language in Springboard.

Science Tuesdays

Do you want to build your own rocket ship and launch it outside to test the design? Or how about building solar powered machines? Or experimenting with chemical reactions or robotics? Our science class will continue to be offered in partnership with the City of Fresno's Community Science Workshop. Experienced instructors from CSW will provide students with hands-on opportunities in science and technology with an emphasis on enjoying the sense of discovery that comes from experimentation.

Module Wednesday

Springboard is excited to announce that we will be expanding our offering this Spring. We have partnered with several different businesses in our community to bring their curriculum to Springboard customized for our students. Modules are offered a la carte! So you can sign up for just one or all three:

- **Critic-al Thinkers:** A creative writing program developed by Fig Tree Learning. In this light, fun and engaging program, every week students will use different writing techniques to develop and express their independent opinions. From publishing book reviews on [Amazon.com](https://www.amazon.com), seeing their writing on display at Trader Joes and creating/recording their own recipes, your little critic will absorb key writing skills without even realizing it! The goal is to reinforce independent thinking, strengthen writing skills and build confidence and interest in writing. The classes are an excellent boost for creative kids looking to get ahead or kids who want a little extra attention in literature and writing. **5 Weeks starting January 18**
- **Mathnasium Fun Math:** Math activities facilitated by trained tutors from Mathnasium. Students will have the opportunity to engage in math activities in a fun environment while reinforcing valuable key math concepts. Activities include using hands on manipulatives to learn more about fractions of numbers and playing math board games that focus on building whole numbers with various combinations of fraction shapes. **4 Weeks starting February 22**
- **ArtSmart :** Art lessons facilitated by the Fresno Art Museum. Not just your normal art class, this session will offer a variety of hands-on art activities taught by FAM Art Instructors. The art lessons come from the FAM's ArtSmart curriculum which was developed by both credentialed teachers and artists. The lessons are grade appropriate and address the [California Visual Arts Standards](#). The art lessons are designed to allow students to make connections with what they experience to creating their own work of art. Most lessons incorporate the seven elements of art: line, shape, form, texture, value, and color. **6 Weeks Starting March 28**
