

Dear 6th Grade Parents,

You have 5 preconfigured laptop configurations from which to choose. You can always call and add onto any configuration. For the laptop program at SAS, I recommend the system priced around \$653. If you are purchasing one of the more expensive laptops and are planning to have games played on it, make sure the video card is compatible with the games.

Step 1 – Order the laptop - Latitude 5480

Order online at <https://www.cdw.com/stanthony>

Choose from Option 1-5 (or call for custom configuration)

- Option 1 – Base SAS Laptop I3 Cpu, 4gb Ram, 2 year accidental war. \$653 plus tax
- Option 2 – Base SAS Laptop plus another 4gb ram for a total of 8gb
- Option 3 – Base SAS Laptop plus another 4gb ram for a total of 8gb and 4yr war
- Option 4 – SAS Laptop upgraded CPU I5 ,8gb RAM
- Option 5 – SAS Laptop plus upgraded CPU I7 , 8gb Ram Video Card GeForce 930MX
- Option 6 – SAS Laptop plus upgraded CPU I7 , 16gb Ram , Video Card GeForce 930MX

Optional Ram Upgrade – If you would like to purchase a separate 4gb ram upgrade module from Crucial I will install it for free when configuring the laptop. This upgrade costs about \$100 from Dell but only \$50 if I install it. Click On the link below.

- [Click Here 2](#) (Amazon)(Medium)\$20
- [Click Here 3](#) (BH Photo)(Small) \$10
- [Click Here 4](#) (BH Photo)(Medium) \$20

Important Dates

- Laptop orders must be placed between June 15 and July 15.
- The laptop must be dropped off at the school office between July 1 and August 1
- When you drop off your laptop please include your SSD Drive, Charger and Memory Upgrade if you decided to order one. Please leave your mouse at home.

Please contact me at dolson@sasfresno.com if you have any questions.

Sincerely yours,
